

## Responding to Collective Worship at Home

The Theme for Collective Worship this half term is:

### Trust

Reflecting on the symbol of a mirror.

This half term we will be thinking about Trust reflecting on the symbol of a mirror. Trust is to have complete confidence in a person or plan, relationships have to be built on trust. God is trustworthy. God is in control, and you can let go of your fears and worries.

**Trust yourself,**  
**Trust one another,**  
**Trust God.**

Where have you seen this in school?

**Key Verse** – When I am afraid, I put my trust in you.

Psalm 56:3

To do at home...

Make a star mobile, just like the points of a star go in several directions, we can find God and the people we trust in many different places. The ribbons remind us of God's gentle presence.

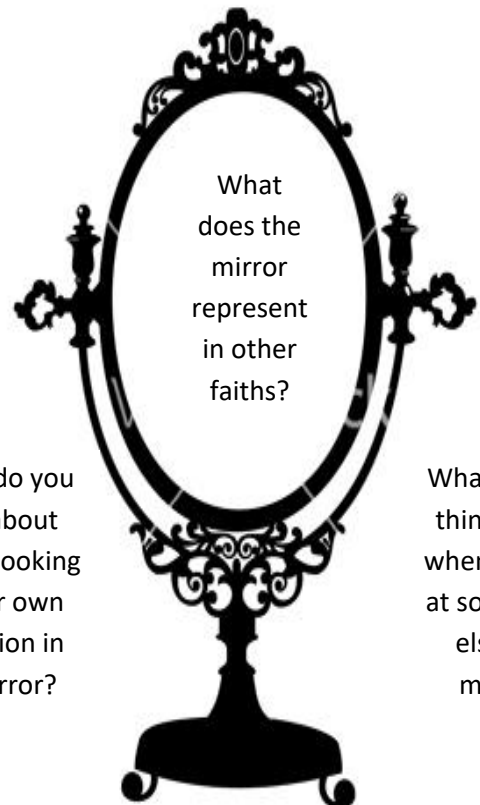

Where can I find a story of trust?

1 kings 19:1-15

To think about:

Who do you trust?

How do you know you can trust someone?

What does the mirror represent in other faiths?

What do you think about when looking at your own reflection in the mirror?

What do you think about when looking at something else in a mirror?

What is different about viewing things through a mirror and viewing things in reality?
